

The background features a dark blue gradient with a complex network of glowing lines and nodes, resembling a globe or a digital circuit. The lines are primarily purple and blue, with some nodes highlighted in yellow and green. The overall effect is a high-tech, futuristic aesthetic.

NEXTEN SUMMIT

Dakar, Senegal |
DECEMBER 3 – 5

Where Artificial Intelligence and Blockchain
Propel the Future of Africa!

NEXTEN is not just an event. It is a platform for transformation.

Here, we don't talk about the future — we build it!

For three intensive days, visionaries, entrepreneurs, investors, government leaders, and global experts will gather in Dakar from December 3 to 5, 2025, to explore the massive opportunities created by these disruptive technologies.

AGENDA OVERVIEW

DAY	THEME	KEY MOMENTS
Dec 3	AI & Governance	Conferences, Roundtables, AI Demonstrations
Dec 4	Blockchain & Decentralized Finance	Panels, Pitches, Use Cases, Tokenization Workshop
Dec 5	Investment & African Startups	Pitch Battle, Diaspora Forum, B2B Networking

THEMES

DAY 1

AI for Economic Progress & Better Governance

To redefine Africa's economic and institutional foundations in the age of AI.

Artificial intelligence is not a distant promise — it is an immediate lever for transforming African economies and a catalyst for modernizing public services. This day will highlight real-world applications, ethical challenges, economic opportunities, and the policy frameworks needed for a well-managed and inclusive integration of AI.

THEMES

- How AI is revolutionizing African industries (health, agriculture, finance, education, logistics)
- Automating government decision-making with AI: Toward more efficient and transparent governance
- Cybersecurity & AI: Protecting critical infrastructure and combating digital fraud
- Roundtable with regulators and policymakers on legislative frameworks for AI in Africa.

DAY 2

Blockchain and Decentralized Finance for a More Autonomous Continent

Unleashing Africa's Economic Potential through Technology, Transparency, and Citizen Participation.

The reinvention of finance in Africa through blockchain, cryptocurrencies, and tokenization. These technologies are strategic tools to decentralize economic power, improve access to capital, and build a sovereign, accessible, and transparent financial infrastructure.

THEMES

- The role of cryptocurrencies and blockchain in financial inclusion
- Tokenization of assets and public infrastructure: Financing roads, energy, and housing through blockchain
- Presentation of NexCap (NXC), the digital asset for participatory investment and African growth
- The future of e-commerce and digital payments in Africa.

DAY 3

Innovation & Investment: Boosting Africa's Technological Ecosystem

Connecting talent, ideas, and capital to build the technological Africa of tomorrow.

The third day of the NEXTEN Summit is all about action. It brings together the most promising startups, local and international investors, institutional actors, and the African diaspora to create fertile ground for innovation. The goal is clear: to grow a powerful, connected, well-funded African ecosystem ready to shine on the global stage.

THEMES

- Pitch Battle: A competition between AI and blockchain startups in front of international investors
- Panels on investment opportunities: Tech funds, VCs, business angels, and alternative financing
- African success stories: Startups that have raised millions through AI and blockchain
- Special roundtable on the African diaspora: How to mobilize talent and capital for Africa
